### Scott's LAWN SEED

Top quality blend of all perennial grasses that make the deluxe lawn in full sun or moderate shade. Triple cleaning plus rigid laboratory control assure 99.91% weed-free quality. Goes much farther in sowing than ordinary seed. You need only 4 lbs per 1000 sq ft for a brand new lawn, or half as much for reseeding.

**Scott's "SPECIAL" Seed** Selected blend of quick growing grasses that thrive in good or poor soils. Produces rugged turf in a hurry so it is ideal for late spring plantings of new lawns. Does well in shade or in full sun with ordinary care. New Lawns: 6 lbs per 1000 sq ft; or half as much when reseeding.

**Scott's BENTGRASS** The same pure seed used by golf clubs for the finest putting greens. Sow separately or mix with other Scott's seed if more bentgrass desired. One lb sows 500 sq ft.

**Scott's CLOVER** Available separately since Clover is not included in Scott's blends. Finest quality, high germinating seed.

**TURF BUILDER** is the complete grassfood. Formulated by Scott's especially to keep lawns healthy, vigorous and sparkling green. No offensive odor before or after use. Turf Builder feeds lawns better for less—use 1 lb per 100 sq ft instead of 3 lbs required of ordinary fertilizers.

**Scott's SPREADERS** Sturdy, all steel with rubber tires. For quick and accurate seeding, weeding and feeding. Rate control and shut-off conveniently located on handle. A flick of the wrist, walk over lawn and the job is done. See illustrations on back.

**4-XD Weed Control** For easy elimination of Dandelion, Plantain, Buckhorn, other broad-leaved weeds without harm to lawn grasses. Clean, granular particles easily broadcast by hand or with a spreader.

**WEED & FEED** Unique dry compound that kills broad-leaved weeds as it feeds grass to greater vigor. Excellent for restoring run-down lawns—helps grass fill in as weeds wither away. Easy spreader application.

**SCUTL Crabgrass Control** For late spring or summer application—this exclusive Scott development stops growth of Crabgrass without injury to desirable grasses. Dry compound quickly applied with spreader. Square foot coverage shown is per single application, 3 or 4 needed.

**LAWN & TURF Pest Control** Effective against harmful Beetle Grubs, Chinch Bugs, Webworms, annoying Chiggers and Ants. Easily applied dry compound.

**LAWN CARE Books** Digest of earlier issues assembled in paper file or loose-leaf binder.
